# Animal Hospital of Macomb

**Dr. Gloria Williams  
& Associates**

## Welcome!

Our mission is to provide the highest quality care for our patients and clients. We strive to offer current and comprehensive medical diagnostics, procedures, and care with an emphasis on preventive medicine. We offer the best health care available for your pet's needs.

Compassionate treatment of pets and clients helps to reinforce our commitment to the human-animal bond. We share in your love for your companion animals and it's our privilege to earn your trust as we provide superior veterinary care for your family.

It is our desire to have a warm and friendly relationship between clients and staff. We welcome questions about policies, procedures, and fees. A tour of the hospital can be arranged by asking a member of our staff. We are proud to have the opportunity to serve you and look forward to working with you to provide an exceptional experience at our hospital.

*Gloria J. Williams, DVM*  
*Practice Owner*

## Office Hours

To allow ample time for all patients and surgery we schedule on an appointment calendar. Emergency situations arise, so an occasional delay is inevitable. Please understand that we make a sincere attempt to see each client on time and that your pet will receive our dedicated personal attention as soon as possible. If you are unable to make a scheduled appointment, we greatly appreciate a phone call.

## Emergency Service

Our hospital is available for emergency visits during regular business hours. If it is possible, a phone call to inform us of your pet's emergency will help us prepare for your arrival.

Although our hospital is not open 24 hours a day, there are two excellent emergency care facilities nearby to care for your pets on an after-hours or emergency basis.

Michigan Veterinary Specialists  
(248) 371-3713

## Waiting Room Courtesy

Pets arriving for an appointment may be uneasy about new people, animals, and surroundings. We ask that you restrain your pet with a leash or carrier before entering the hospital.

We suggest that all pets be adequately restrained before entering the lobby. Leashes and cat carriers can be found at the desk.

Please be courteous and maintain a safe and respectful distance between your pets and others.

## Cat Boarding

Our goal is to make sure your cat's stay is comfy and cozy! To provide conscientious care for your cat, we have staff members specifically dedicated to boarding animals. These staff members tend to security, safety, and well being for all pets. Even special medical needs can be attended to!

Our spacious cat condos provide plenty of room to exercise and relax.
