	Parasite Control	Fecal exam (within 6 months)	No fleas / ticks / lice

\* Bordetella vaccine must be given at least 72 hours prior to drop-off time to ensure adequate protection.

**Pets will be treated for fleas if needed. An extra charge will apply.** We recommend that all pets be protected with Advantage, Advantix, or Revolution to prevent flea infestation.

### Extended Stays

For any boarding stay over two weeks:

- Prepayment of 2 weeks at the time of drop-off will be required.
- Prepayment of any medical/veterinary/surgical services required at drop-off.
- Payment for boarding on a weekly basis after 2 weeks is required.

Failure to follow these guidelines or to comply with arrangements made with the hospital will be considered pet abandonment. Appropriate authorities will be contacted.

### Reservations and Deposits

- We take reservations during normal business hours. Call at least 6 weeks in advance for holiday boarding due to limited space and high demand.
- Surgical or medical procedures scheduled with boarding are subject to schedule availability. Boarding that includes a medical or surgical procedure will require a surgery check-in with a technician. This will add 15 minutes to the check-in process.
- **New Clients and Holiday reservations require a deposit of \$50.00 per pet. Payment is due at the time the reservation is made. Phone payments are accepted. Deposits are applied to the cost of the boarding stay.**
- All deposits can be refunded up to 5 business days prior to the reservation date. Any changes to reserved boarding must be made 5 business days in advance of the stay or the deposit is forfeit.
- No shows will forfeit the deposit.
